

Interzum 2013

ICDLI Laminates Gallery 2013

In three weeks the biggest international trade fair for suppliers to the furniture industry **Interzum+** will start in Cologne/Germany. From May 13 to 16, 2013 suppliers from all over the world are going to present the latest trends and developments of their industry.

As in the years before the ICDLI is going to present the beauty and diversity of decorative laminates during these days. The ICDLI's Laminates Gallery at hall 4.2 booth D-020 is part of the project **Innovation of interior+** which addresses especially to interior designers and designers of furniture by presenting the materials for the design of tomorrow. Inter alia they will receive information about decorative laminates during a guided tour on the Laminates Gallery.

Nearly all members of the ICDLI support the Laminates Gallery by sending in samples and pictures which will be displayed at the walls of the booth. Furthermore there will be information about decorative laminates displayed as for example how they are produced.

The ICDLI offers tickets free of charge to its members as well as associate members. Please contact Kristin Brunner per e-mail kristin.brunner@prokunststoff.de until May 2, 2013 latest, if you need some tickets.

Technical Commission

New technical leaflets

During the latest meeting in Düsseldorf the ICDLI Technical Commission has revised three new technical leaflets. The leaflets %Bonding and processing of HPL on metal substrates+, %Bonding and processing on mineral substrates+ and %Gluing table for High Pressure Laminates+ will be published soon.

The technical Commission

Standardization

Dr. Lutz Reitzel (Resopal GmbH) and Dr. Claus Werner (Westag & Getalit AG) have been reelected chairman and vice-chairman of the German standardization committee for decorative laminates and solid surface material. They will preside the committee for the up-coming three years.

Dr. Lutz Reitzel, Franz Berg and Dr. Claus Werner

Market Survey Commission

First meeting

On June 4, 2013 the new established market survey commission will meet for the first time. It is the aim of this commission to establish a new market survey study based on a notary statistic which will be presented at the Plenary Assembly of each year. It will replace the former market surveys compiled by market research bureaus.

During the first meeting the commission is going to develop a questionnaire which will be sent to the member companies and other European producers of decorative laminates as well as their suppliers.
