

Get together in Barcelona

The conference of the ICDLI will take place at 12th – 14th October in Barcelona. Look forward for the next Plenary Assembly of the ICDLI and get inspired by new facts and décor ideas.

The Plenary Assembly is more than just a conference – it is an individual and personal space for your ideas.

We present you many exciting lectures about trends, technical topics and developments in our business.

One of the key speakers will be Mr. Kalesse from Nolte Küchen. He and his colleague Dr. Weiden sketch the current trends and success factors in the furniture industry.

Another highlight is the presentation of concepts and designtests in the furniture industry. Prof. Ober (University Rosenheim) will show some possible applications and chances in the product development.

Further themes will be new marketing strategies for a better awareness of HPL, the results of the Market Research Group and the annual report 2015/2016. It offers the detailed report of the technical commission and some further innovation topics about colors, trends and the progress facts in the industry.

We shape you a fantastic framework program to get impressions of Barcelona and get enough space for networking.

Plenary Assembly
12. - 14. October 2016 in Barcelona!**

Technical Commission

The Technical Commission was taken place in November at Sesa S.p.A. in Solbiate, Italy. In a plant tour the guests got a presentation of the manufacturing of pressplates and product range. Afterwards the group discussed about the important topics like Formaldehyde, updated leaflets, the revision of the Environmental Product Declaration (EPD) and food contact.

The group had been two wonderful days in the sunny Italy in November and worked out many new results for the technical processing.

The next meeting will take place at 3rd and 4th May in L'Ametlla del Vallè, Spain.

Some facts

Dr. Claus Werner retires at the end of 2015. The Technical Commission thanks Dr. Werner very much for many years of good and always trusting cooperation. As deputy chairman Dr. Thomas Krönke, Westag & Getalit AG, was unanimously elected.

Dr. Lutz Reitzel, Dr. Claus Werner and Dr. Thomas Krönke.
